

AMERICAN WHISKEY

Made in the USA... it doesn't get better than that! American Whiskeys include Bourbons, Ryes, Malts, Wheats and other combinations of grains. Easy to drink and hard not to love.

Bourbon Whiskey

Must be made in the USA from a mashbill of at least 51% corn and aged in a brand new charred American white oak barrel.

Rye Whiskey

Must be made in the USA from a mashbill of at least 51% rye and aged in a brand new charred American white oak barrel.

Wheat Whiskey

Must be made in the USA from a mashbill of at least 51% wheat.

There are no minimum ages for these whiskeys, but... straight whiskey must be aged at least 2 years and bottled-in-bond must be aged at least 4 years and bottled at 50% ABV.

Definitions for American Malt Whiskeys are still being developed.
But for now, let's enjoy!
